and interest in and to said invention or inventions, as described in the aforesaid application, in
any form or embodiment thereof, and in and to the aforesaid application; and in and to any
application filed in any foreign country based thereon, including the right to file said foreign
applications under the provisions of the International Convention; also the entire right, title,
and interest in and to any and all patents or reissues or extensions thereof to be obtained in this
or any foreign country upon said invention or inventions and any divisional, continuation,
continuation-in-part, or substitute applications which may be filed upon said invention or
inventions in this or any foreign country; and the undersigned hereby authorize(s) and
request(s) the issuing authority to issue any and all patents on said application or applications
to said assignee or its successors and assigns.

The undersigned further agree(s), without any further payment or compensation by said
assignee or its successors and assigns, to communicate to said assignee, its representatives or
agents or its successors and assigns, any facts relating to said invention or inventions including
evidence for interference purposes or for other legal proceedings whenever requested; testify in
any interference or other legal proceedings, whenever requested; execute and deliver, on
request, all lawful papers required to make any of the foregoing provisions effective; and
generally do everything possible to aid said assignee, its successors or assigns and nominees to
obtain and enforce proper patent protection for said invention or inventions in this or any
foreign country.

The undersigned hereby authorizes and requests the attorneys of record in said patent
application to insert in this Assignment the serial number and filing date of said patent
application.

IN TESTIMONY WHEREOF, the undersigned has (have) hereunto set his (their) hand(s)
